White #FFFFFF

RGB 255, 255, 255 | CMYK (0, 0, 0, 0) | Clean background / negative space

Font Direction

Primary look: Montserrat SemiBold or Inter SemiBold, uppercase with wide letter spacing.

Professional alternatives: Avenir Next Demi, Gotham Medium, or Helvetica Neue Medium.

Body/proposal text: Inter Regular or Helvetica Neue Regular.

Keep headings clean, spaced, and uppercase to match the engineering-consultant feel.

Correct Usage

- Use approved cropped white-background files for proposals, invoices, signboards, and email signatures.
- Use transparent PNG files for placing over presentations, drawings, and social posts.
- Use one-color black for stamps, engraving, document headers, and technical sheets.
- Do not stretch, rotate, add effects, or recolor outside the listed palette.
- Note: SVG and EPS preserve the approved look as embedded/raster formats; they are not redrawn editable paths.
